Storm Breaks When Moss Asks if Money or Promises Were Used to Get Votes.

There were new and sensational de velopments at to-day's session of the Senate Judiciary Committee, which is investigating the \$500,000 seven cent fare doughbag, when Frank Moss, counsel for Senator George F. Thompson, asked former Gov. Whitman whether he had ever promised to pardon a man in whom a certain Senator was interested, on condition that the Senator voted for the confirmation of George W. Perkins as Food Commissioner. This was in 1918. The ques tion caused an uproar.

Jumping to his feet and flushing angrily Mr. Whitman replied: "I object to that question! I object sult to me and the office I have filled!

The Treasury Department today recognized officially the claim of the St. Louis district of having exceeded its Victory Liberty Loan quota by subscriptions of \$193,104,000, thereby winning the honor of being the first district to achieve this record.

GERMANS ACCUSE ALLIES OF USING THE MAILED FIST; TALK OF REJECTING TERMS

Reports From Versailles Discuss Possible Fall of Ebert Government-One German Delegate Quoted as Advocating Peace With Russia and Calling on Bolshevik Army.

VERSAILLES, May 9 (Associated Press).-Information coming from German sources goes to show it is possible the Ebert-Scheidemann government is considering its fate if it should accept such a drastic treaty. It may choose to refuse to sign the treaty and go down in a blaze of patriotic glory.

[The Prussian Prime Minister is quoted as declaring in a speech that the treaty is one of the "Mailed Fist."]

Consideration is given the fact that the declaration that Germany would refuse to sign the peace unless the conditions were greatly modified in her favor may possibly have been put out just now with the object of influencing the negotiations.
